## "THE LOST CAUSE" A VALUABLE BOOK

Next week this newspaper will attempt to carry a complete story of an original copy of "The Lost Cause" by E. A. Pollard, printed in 1866. It is said that only 100 copies of the book were printed and that very few of the original books are in existence today. This book, property of Jake Bonneau, of Elba, is to be given to the Alabama Archive and History for permanent keeping.

This valuable book was the property of Mrs. M. L. Collins, grandmother to Bonneau. She bought the book during her first marriage, to a medical doctor, who died while young. She then married Bonneau's grandfather. Until October 21, 1955, the book remained in the old family home, a 33-room house, in Greenville, Alabama. The book was given to Bonneau by his aunt who continued to live there until her death.

The book is in excellent condition. The paper continues strong the printing clear. No pages have been lost. The book is inscribed as the only official and authorized southern history of the Civil War by Pollard of Virginia who was editor of the "Richmond Examiner" during the war. The book comprises a full and authentic account of the rise and progress of the late Southern Confederacy, the Campaigns, Battles, Incidents and Adventures of the most gigantic struggle of the world's history. The book is complete in one large royal octavo volume of nearly 800 pages with twenty-four steel portraits of distinguished Confederate leaders.

## WOODS COLORFUL IN MY TWO COUNTIES

The woods are becoming beautiful and colorful with many fall flowers now in bloom. In our travel among Covington and Coffee Counties the roadside view is very pretty in the fall. Already goldenrod, a tall purple flower, an orchid bloom and many yellow daisies are in bloom. The woods will become more colorful during the next several weeks with wild fall flowers and will then have the colorful fall leaves for another several weeks. The woods are really getting pretty now and I'm looking forward to enjoying the view for a number of weeks. Actually it is a pleasure to drive the distance between my two towns now.

## "HITHER TO YON" IS CONFUSING

This business of being from hither to yon can get the best of the strongest. About the most contrary part about it is groceries and clothing. We're out of sugar in one kitchen so when I go to the grocery store, I buy sugar and find that I bought it for the kitchen where we already have sugar and the other kitchen is still short.

When it comes to clothes I'm always confused. I'm in Elba one day and back in Florida the next. I got tired of continuously loading bags and started using paper sacks. That got old and I just wouldn't take anything. Eventually I needed something in Florida but it was in Elba. We were taking a several day trip and I thought I had everything in Florida that I would need but got ready to pack a bag and found that I had left the shoes I needed in Elba. I decided I'd just buy another pair.

## Tigers Host To Enterprise

The Elba Tigers will be host to the Enterprise Wildcats Friday night at the Tiger Stadium. Kick-off 8 o'clock.

The annual game with the Wildcats each year is one of the highlight games of the season. As a rule the Tigers are defeated by the Cats but local fans continue to support their team and to hope for an upset.

The Wildcats enjoyed a victory over the usually winning Elba team, coached by Bill Buchanan, last Friday night. Elba football fans are hoping the Cats will come to Elba feeling sure of victory and are defeated by the Tigers. Apparently the Tigers go into the Enterprise game feeling defeated and are each year.

The Tigers have played three games this season and have lost three games. Last week they were hosts to the Opp Bobcats and were defeated 27-7. Elba's defense accounted for the only Tiger touchdown, the first in the game, as Ferrell Smith intercepted an Opp pass and ran 98 yards for the six-pointer. Smith's interception on the second play of the second period, didn't stop Opp's Hinton Johns from passing and a Brandy Johnson to Bill Grimes aerial later in the same frame accounted for 35 yards and an Opp touchdown. The Bobcats last touchdown was when Johnson blocked his fourth Tiger punt of the night and tackle George Boyd picked it up and ran 10 yards for the final touchdown.

MISS SUSAN COOPER was selected Miss Elba 1965 in a pageant at the Elba City School auditorium Monday night. She will represent Elba at Dothan during the National Peanut Festival.

She is president of the Andalusia District Methodist Youth Fellowship and vice-president of Methodist Youth Fellowship Sub-District. She is treasurer of the Student Council at Elba High School, where she is a senior, and a member of the Tiger Band. ## Farm NEWS

along with Crenshaw and Covington Counties will participate in this October 7 meeting.

Dr. Walter F. Sowell, our soils specialist at Auburn University Extension Service, plans to be with us one day this week to help plan a soil testing program for this county, which will greatly benefit Coffee County farmers.

Coffee County hog producers who want to make more money in '65 and in the years ahead will get an opportunity soon to buy some top breeding stock. The occasion is the 3rd Annual South Alabama All-Breed Hog Sale which will be held in Elba on Friday, October 30, 1964.

Boars and gilts, both bred and open, will be offered. If your sows are getting too old and too heavy or if you are not making the money that you ought to be from hogs, this sale can do you some good. Get your wife to remind you of this October 30 sale.

According to Mrs. M. C. Snow of Elba, Rt. 3, her husband is making his best crop of cotton. He was so busy that I didn't get to talk with him.

In speaking of yields, Dallas Fleming of Kinston, Route 2, told me that he was making a little over four tons of peanuts on his five-acre allotment. Bud Weeks in the same community reports about 23 tons on 25 acres. W. J.

James Earl Mohley, President of the Alabama Peanut Producers Association, wrote me last week about the district peanut meetings. I want to urge all Coffee County peanut producers to attend their important district meeting at the Andalusia Courthouse on Wednesday, October 7, at 10:00 a.m. This county

One afternoon last week, I saw Carrel and Farrel Wyatt of the Fairview Community. They are twins and are both seniors at Kinston. They are the sons of Mr. and Mrs. G. F. T. Wyatt. Parents are sometimes worried about their children studying and making good grades. I told the Wyatt twins that it would be worth it in the long run to forego some of their pleasures this year and concentrate on their books.

I have known Carrel and Farrel for almost 10 years. Their plans for the future are not complete, but I predict that these two boys will do alright in whatever they undertake.

While talking to Carrel and Farrel, Amelia Sessions, also a senior at Kinston and the daughter of Mr. and Mrs. Bowden Sessions, drove up. I questioned her about her future plans and right at the moment, she is planning to enter Auburn University upon graduation and major

in home economics.

**4-H CLUB PLEDGE**  
I pledge  
My Head to clearer thinking,  
My Heart to greater loyalty,  
My Hands to larger service, and  
My Health to better living.  
For my Club, my Community, and my Country.

We will be putting the finishing touches to the exhibit which will be placed in the State Fair in Birmingham next week. Plans are to erect the exhibit in Birmingham Friday, and Saturday of this week. I would like to express a word of thanks to everyone that has worked to make this exhibit possible.

The campaign for destruction of cotton stalks should be in full swing now. Recent checks show a very high count of weevils available to enter winter hibernation. The quicker this food supply is destroyed the "longer" the winter months will get to be and with unfavorable weather conditions the fewer adults will survive for 1965.

If you plan to set out ornamental shrubs this winter you should prepare and fumigate your soil in October. Most fumigants are not effective when the soil is cold.

**HOUSEHOLD HINTS**  
Don't allow children to eat lollipops, popcicles or ice cream on a stick while riding. A bump or a severe may turn the treat into a threat to a child's eyes, mouth and throat.

A 100-watt bulb gives out more than twice as much light as two 50-watt bulbs. For maximum light, use one bulb of higher wattage, rather than two small ones that add up to that wattage.

Before using a pesticide read the label carefully to see if you must wear gloves or protective clothing.

3 YEARS IN AN APARTMENT

After nearly three years living in an apartment in Elba we have gotten moved into a house on Brantley Road. Last week-end we moved into the new home. They had moved the week-end before to Livingston, Alabama, where he is to be music director.

We continue to occupy our home in Florida and if we're there when it comes time to sleep we sleep in Florida. The same thing in Elba, My business activities would have me spending a lot of nights at a motel or hotel or putting up on relatives if we didn't maintain two homes.

But I'm getting past the age to be moving. I can remember when I actually looked forward to moving and it was something like to an adventure. But now it is a job and I'm tired from the time I start thinking about it until the moving is over with and the weeks later that it takes for me to get things and other details in order.

The neighbors on Brantley Road in Elba have made us feel real good since we have moved. One sent us a large platter of salad, stuffed eggs, baked ham, pickles, etc. at a time when I was really appreciated. Monday night a neighbor sent us a pot of home-made soup, which was the best I have ever eaten. Most times I'll add baked pepper, maybe some other seasoning, but I didn't add anything to that soup for fear it might destroy some of the delicious flavor it had. On the table when I got home Monday night was a vase of colorful fall flowers.

### Brown Completes Insurance Course In Carolina

A Certificate of Achievement has been awarded to William H. Brown, Special Representative, in Elba, Alabama, for the Jefferson Standard Life Insurance Company, for having completed the Company's Sales Training School in Life Insurance, held at the Home Office in Greensboro, North Carolina, September 28 through October 3.

Mr. Brown was among 45 Jefferson Standard representatives from 10 states, the District of Columbia and Puerto Rico who were invited to attend the school because of their fine records with the Company.

A featured speaker at the school was Charles E. Gaines, C.I.U., Director, Institute of Insurance Marketing, Louisiana State University, Baton Rouge, La.

"The school is designed to increase the representative's ability to give sound counsel on the use of life insurance for individual and family protection," according to Karl Ljung, Senior Vice President-Agency Operations.

"Jefferson Standard recognizes the fact that sound vocational education and training broaden the opportunities for the agent and help him do a better job for his clients, his company and himself," Mr. Ljung stated.

## Enterprise Defeats Elba 31-12

The Enterprise Wildcats defeated the Elba Tigers in a rain-soaked football game, 31-12, last Friday night with a score of 31-12.

In a steady rain and muddy field, the Wildcats showed their offensive power in the second half as the rain slackened and went on to win their fourth straight in as many starts.

Fumbles hurt both teams throughout the game. The Tigers recovered a "cat fumble" and scored with George Sanders taking the ball over from nine yards out.

The score was 6-0 until the second quarter when the Wildcats offense began to move. Mickey Lee got the "cats" first touchdown when he ran 19 yards to tie the game. Mickey Reed followed and put Enterprise ahead. Midway through the period the Enterprise offense struck again when quarterback Reed kept and scored from the one as the "cats" took a 13-6 lead into the half.

In the third quarter, the Wildcats showed their explosive offense with three more touchdowns. The first came when Reed ran seven yards, only to fumble into the end zone. Felix Stinson pounced on the ball. Enterprise scored again when a 40-yard pass from Reed to Neal Nichols was good and scored again on an almost identical play. Reed again threw 40 yards for a touchdown with Sam Dennis on the receiving end.

With slightly more than three minutes left in the game Elba quarterback L. P. Mullins recovered a fumble and passed to Stan Marsh for an 18-yard touchdown. David Layton blocked Elba's attempt for the extra point.

The Tigers will play the Florida Wildcats in Elba on Friday night, October 9.

## New Mayor, Council Assume Duties As Governing Body

The oath of office was administered Monday night at the City Hall to Mayor Cleo Hawkins. The new mayor and council assumed their duties as governing body of the City of Elba at the Monday night meeting.

Lindsey was elected mayor-pro-tem; Hawkins was appointed to the Electric & Water Works Board. Mayor Mullins automatically became a member of that board. Harold Deal was re-appointed City Clerk. Lewey Stephens, who has been appointed by Governor Wallace as Solicitor for the 12th Judicial Circuit entered his resignation as city attorney.

Regular meetings will be held on the first and third Monday nights of the months at 7:30 the same as the schedule of the past administration.

In keeping with a recent ruling of the Attorney General, council members will not be in charge of various city departments. The mayor acts as chief executive officer, and all department heads answer to him and carry out directives issued by the council acting as a legislative body.
